The best mashers start out baked!

You'll taste the rich, distinctive difference in every bite. Potato Products of Idaho uses baked, not steamed, potatoes to produce mashed potatoes delivering a consistent product quality and texture.

We process many varieties of potatoes and have the ability to blend varieties if desired—most commonly using Russet, Golds, and Reds. PPI will develop custom, proprietary flavor profiles to meet your needs.

Standard mashed potato flavors:

- **Homestyle Mashed Russet Potatoes**
- **Mashed Russet Potatoes with Roasted Garlic**
- **Mashed Red-Skin Potatoes with Rosemary and Garlic**
- **Mashed Gold Potatoes with Butter and Herbs**
- **Mashed Sweet Potatoes**
