Peaches
Freestone or Cling

Description

Halves, sliced, chunks, diced, bits & pieces, puree or beverage base.

Notes

From salads to smoothies or cobblers to salsas – use as you would fresh peaches, but with more convenience and less waste.

Strawberries

Whole, sliced, diced or puree – with or without stabilizer.

Wawona fresh frozen strawberries are always in season. So keep favorite items on your menu all year long – from salad bars to shortcakes and parfaits.

Other IQF fruit includes: mango, pineapple, papaya, bananas, red grapes, RTP cherries, blueberries, blackberries and red raspberries.

Fruit Blends

IQF Thaw and Serve Convenience

Available in 2/5# or 4/5# bags.

Spectrum

Description

Yellow peaches, white peaches, strawberries, pineapple, honeydew and blueberries

Notes

The National Cancer Institute recommends consuming five colors of fruits or vegetables every day. Get the full spectrum of all five colors with the vitamins, minerals, fiber, antioxidants and phytochemicals a healthy body needs.

Festival

Mango, papaya, strawberries and pineapple

Our best-selling blend features mango, the world's most popular fruit. Try this for Cinco de Mayo, and it may still be on your menu at Thanksgiving.

Tropi-Cal

Mango, freestone peaches, pineapple and strawberries

Customers asked us to create a tropical fruit blend that incorporated some traditional mainland favorites. Tropi-Cal (Tropical + California) is the naturally sweet and delicious answer.

Premier

Peaches, honeydew, cantaloupe, pineapple and red grapes. *Other variations available upon request.*

A very popular blend that offers a range of pleasing colors, flavors and textures.

3 Berry

IQF blackberries, blueberries and red raspberries. *Available as 4 Berry Blend with strawberries added.*

From the breakfast bar to the dessert cart, berries are in high demand because of their great taste, rich colors and outstanding nutritional value.
